## Get Healthy. Stay Healthy.

### **What is a “Medicare Annual Wellness Visit”?**

You are eligible for the initial wellness visit if you have been enrolled in Medicare for longer than 12 months and have not received a Welcome to Medicare exam in the past 12 months. The exam is covered once every 12 months and includes an evaluation similar to that provided in the Welcome to Medicare Visit.

Additional information on preventive services can be found in a publication titled, [Guide to Medicare’s Preventive Services](#) at Medicare.gov. Please also visit the [Preventive Services](#) section of Medicare.gov.

The Medicare copay, coinsurance, and Part B deductible are waived just as they are for the Welcome to Medicare Visit.
